

## 2nd European Autism Congress, February 28-29, 2020, Budapest, Hungary – Past Conference Report Editorial

### Editorial Note

We had a huge success with the completion of **2nd European Autism Congress** on February 28-29, 2020. The significance of the meeting was achieved due to the accumulation of all the related group of spectators of research scientists to share their Knowledge, Research work, and furthermore trade of worldwide Information towards the correct crowd at ideal time. Congress has received a generous response from all over the world. This has been organized with the aim of endorsing the development of new perceptions and ideas for investigating the high level of knowledge reached by community in the field of Autism.

The conference was organized around the theme *“A Step Towards Global Autism Awareness & Accelerating Recovery.”* The congress entrenched a firm relation of future strategies in the field of Autistic Spectrum Disorder.

We would like to thank all the participants and following keynote speakers:

- Margaret Glenney, The Sensory Centre, USA
- Laura Lyman Debenham, Great Basin College, USA
